"Don't succumb to grim despair,
But remember when you're glum
That the hardest things to bear
Are the things that never come."

Mrs. Hannah C. Curran of this city and son, Mr. W. C. Curran of Cincinnati, are spending the day at Dover at the home of her sister, Mrs. L. C. Anderson.

ANOTHER MISQUE CORRECTED

The Mayville Chautauqua Will Be Held at Beechwood Park This Year July 1st to 7th.

It has been wrongly stated that the Chautauqua would be held at a different place from last year, but we are glad to inform the public that it will be held at Beechwood Park, the same place as last year.

The Mayville Chautauqua is going to be bigger and better this year than ever before.

LET UNCLE SAM GIVE YOU THE FACTS

Government reports show the steady output of coal during the last few years has made the dealers push for wider markets. We are going to get more trade—your trade—by giving you a greater value for your money. You will never get out of debt unless you buy wisely.

OPENING OF BEECHWOOD

Does Much Credit to the Managers—Ideal Spot for Public Outings—Delightful Amusements.

The opening of famous old Beechwood Park for the summer season last evening impressed itself upon the public so favorably that the management, Messrs. Arn and Simons, have been much complimented in throwing open such a truly wonderful and delightful place to the people. A good crowd attended last night and it is to be hoped that Mayvillians will fully appreciate what a rare opportunity they have in patronizing and encouraging such a beauty spot as Beechwood.

With piles of beautiful nature heaped together on five acres of ground in little knolls and hills around which cozy little paths here slope and there run, leading over a little brook, the Park is the beauty spot in a country of great est beauty, the Paradise of the World. Fine old beechwood trees, many years old, standing tall, with imperial dignity, and yet profuse in the embracing foliage which increases the lavish beauty of the spot till it is enough for the ordinary mortal to sit idly on a bench and drink in the joy of the place. Beechwood needs no introduction to Mayville people, as everyone knows where it is located, but very few have realized the possibilities and charm of it. It is most assuredly hoped that they will be more appreciative.

How they could keep away seems impossible; even those seeking amusement entirely will find it in abundance, placed in every corner and nook of the Park by Messrs. Arn & Simons. There is first of all the open air picture show with its five piece orchestra led by Prof. Bullett and three of his assistants from the Glen Theater who will be at the Park during the summer. The highest quality of pictures are shown. On other parts of the Park there are refreshment stands, a shooting gallery, etc., and even see-saws and a miniature merry-go-round for the children.

Later after the pictures have been shown the orchestra moves to the big pavilion where dancing is the amusement of the evening. A large crowd was on the floor last night and this feature of the Park promises to be of immense popularity. Now we cannot say that Mayville has no great summer place of amusement and recreation. And the admission is only ten cents, too.

Miss Florence Quincey Rogers has joined her sister, Mrs. D. E. Fee at the ball farm for the summer.

STANDARD OIL CHANGES

Mr. Harry C. Curran For 12 Years Sub-Agent Promoted—Emmett Wilson Takes Mr. Curran's Place.

Harry C. Curran, who has been with The Standard Oil Company as local sub-agent for twelve years has been raised to traveling salesman over five counties with headquarters in Mayville. Emmett Wilson has taken Mr. Curran's place, which insures the same prompt, efficient and faithful service heretofore given.

The company is fortunate in having such a man as Mr. Wilson for he is widely known and very popular.

The changes were effective June 15, 1914.

JUVENILE LEAGUE

Youthful Base Ball Amateurs of the City Begin Their Games Today.

The juvenile league composed of young base ball players of the city not over sixteen years of age begin their games this morning at Hunter Bottoms and the Ball Park.

The league is composed of four teams. The organization is made up of the same principles governing the big leagues and each club is under contract to obey the rules. Players can be sold or traded. The clubs have a little fund obtained from solicitation from the merchants of the city and it is a sure thing that the boys are going to have lots of fun. Hurrah for their enterprisers.

PRETTY JUNE NUPTIALS

This Morning—Miss Ethel May Bryant Becomes the Wife of Mr. Harry E. Roberts.

Miss Ethel May Bryant, daughter of Mr. and Mrs. B. Dale Bryant, and Mr. Harry E. Roberts, a school teacher at Covington, were married at 7:45 o'clock this morning at the home of the bride's parents in East Forest avenue, at the edge of this city.

Miss Bryant is well known here. For the last few years she has been teaching school at Covington.

The occasion was a family affair with only a few in attendance. The happy couple left immediately for a honeymoon to northern points. All wish them much happiness in their matrimonial voyage.

The bride was gown in a lovely white dress.

VUDORIZE, IT COSTS LITTLE

From \$2.75 to \$5.75 will equip the average house. They let in light and shut out glare. They last.

Their durability is enormously increased by double warps at both edges and---in the case of very wide shades---by double warps at intervals throughout their width.

And they can't loosen or come undone at the ends, for their light strong wooden strips are lock-stitched with fish net twine which won't rot. Their raising cords won't twist nor stick in pulleys.

They're right. They keep their newness, for they're indelibly stained—not painted nor dipped. They measure a drop of full 8 feet as compared with the 7½ foot drop possessed by ordinary shades, which are as expensive as Vudors yet lack the patented Vudor special features. In all sizes, varying widths and colors.

Write or telephone us NOW, let us measure your porch and tell you just exactly what Vudorizing it will cost.

The Boston Advertiser charges that for the past two years there has been a big expenditure of money, or effort, or influence, to force this country into war with Mexico.

Full returns of the recent vote on the question of a constitutional convention in the State of New York, show that only one-fifth of the registered voters of the State voted on the proposition.

The United States Supreme Court has declared unconstitutional the Texas law providing that a person should not act as a freight railway conductor without having had two years' experience as a freight brakeman, except in cases of emergency.

The national executive board of the "United Mine Workers of America" has widely decided that "it is not the part of wisdom for the miners to engage in a strike at this particular time." And they might well have added, "nor at any other time."

More than 50,000 of the employees of the subsidiary companies of the United States Steel Corporation are stockholders of the big steel company. The same and wholesome attitude of the corporation in encouraging this legitimate form of profit sharing should be emulated by other companies.

While Congress is threatening to deal our coastwise shipping a heavy blow in the repeal of the tolls exemption clause of the Panama canal act, the Japanese government proposes to grant a subsidy to the Japanese Steamship Company to enable it profitably to run a new line of vessels through the canal.

In a suit brought by a Union Pacific Railroad stockholder, entered in the United States Supreme Court on appeal from a lower court; twenty reasons are assigned for holding the income tax law unconstitutional. However, it will be a year or two, in the ordinary course of business, before the Court will pass upon the case.

"Help wanted" advertisements in 28 cities for week beginning March 1, 1914, declined 29.18 per cent., compared with a year ago. New York showed a loss of 31.12 per cent., Philadelphia 42 per cent., St. Louis 35 per cent., Detroit, Cleveland and Cincinnati 33 per cent., Louisville, Atlanta and New Orleans show slight gains.

Up to date Col. Roosevelt is one ahead of President Wilson in the marrying business.

The net earnings of the United States Steel Corporation for the quarter ending March 31, 1913, were \$34,426,801. The net earnings for the three months ending March 31, 1914, under the Underwood-Wilson tariff, were \$17,944,381. They promised, you know, that they would not injure any industry.

A heavy diminution in immigration to the United States is now noted—all classes showing a constant decline. The outgoing passenger movement shows an increase, thus lessening the number of alien laborers in this country. It is assumed that there are now 120,000 fewer of this class in the United States than a year ago.

Tariff uncertainties, an abnormally large increase in the world's production of sugar, and acute competition between the refiners, considerably cut down the earnings of the American Sugar Refining Co. in 1913, according to the annual report submitted to the stockholders at the annual meeting. The company has a deficit of \$4,099,000.

"HOPE TOLD A FLATTERING TALE"
"After Woodrow Wilson takes his seat, it will only cost as much as much to eat."
—Campaign Song.

Author requited by flattering language of the candidate.

1913. "Decided reduction in the cost of living may be expected"—editors too numerous to mention. First, there is no depression; second, all depression will be removed by the passage of the currency bill. Prices in food markets failed to show downward tendency of prices.

1914. "We hope under the new currency law, and indeed it is distinctly prophesied by well known financial men—that in two years or so we shall have American banks abroad preferring to aid merchants and manufacturers in the extension of their foreign trade."—William C. Redfield.

Charles Kingsley wrote a novel called "Two Years Ago." Mr. Redfield's good times are two years ahead. Prices will decline, wages will rise, all will go well in time. The chains of 1912 have a very hollow sound now.—R. R.

"I understand that you favor local option."
"Yes," replied Col. Stilwell.
"But you are not a total abstainer yourself?"
"No. But my doctor has limited me to a very small allowance, and I like to add as much as possible to the excitement of getting a drink."

ELEPHANT KILLS KEEPER
Giant Boast Knocks on Man and Then Drives Tusks in Body.

Toledo, Ohio, June 14.—When being prepared for the amusement of children with the placing of a hound on its back "Babe," the giant elephant in the Toledo Zoo, in Walbridge Park, attacked its keeper, Michael Raddatz, 50 years old, this afternoon, hurling the man to the ground by a blow from its trunk. The animal then knelt upon him and made three vicious thrusts through his body with its tusks. The elephant weighs 8,450 pounds. Raddatz's body was crushed and he died within half an hour after being removed to a hospital.

More than 1,000 men, women and children had congregated about the enclosure of the elephants' playground. Raddatz and William Davis, another keeper, placed a hound on the back of the animal while the dies attacked the person hide of the beast which swung to and fro nervously. With the end of a long leathern thong Raddatz slipped the beast on the trunk. Instantly it whipped the trunk back and wound it about the body of Raddatz.

The enraged beast tightened its grip and hurled the man aloft and then to the ground. The elephant with deliberation placed the knees of both fore legs upon the prostrate body. With the same deliberate action the elephant thrust its long sharp ivory tusks into Raddatz's body. The ponderous beast crushed the bones of his keeper's body as if so much glass.

WAR TIME MEMORIES

Mr. John W. Boulden Sends Interesting Documents to Mrs. Russell Mann.

(Paris Kentuckian-Citizen.)

Mrs. Russell Mann, of this city, some time ago, made the request of Mr. John W. Boulden, of Maysville, that he write her of some of his experiences during the Civil War. Mr. Boulden was a member of the company to which belonged her late husband and a large number from Milledgeburg and vicinity and Mrs. Mann desired to have some of his experiences in writing that they would be presented to the Richard Hawes Chapter, United Daughters of the Civil Confederacy, of this city, of which she is a member.

Mr. Boulden, who is at present the Cashier of the First National Bank of Maysville, was formerly of Milledgeburg and was a brother of Mr. R. W. Boulden who for a number of years was Post master at Milledgeburg, but who now resides with his daughter, Mrs. Leonard West, in Denver, Col.

In his letter to Mrs. Mann, Mr. Boulden stated that he could not tell of anything interesting regarding experiences, but instead sent a number of letters which were among the effects of his late mother, written by him during the war and which he has preserved. In his letter he said that he had several and thought of sending a few to a paper in this city to be published, and adds that he has a list of over fifty boys from Milledgeburg, who served in the Confederate Army. The following letter which recalls the names of a number of his comrades was handed us by Mrs. Mann for publication: In Camp Near Tunnel Hill, Ga., January 26, 1864.

Dear Mother:
I have written to you several times but learned through a letter Johnny Miller received yesterday that you had not heard from me. I have received one letter from you about the 20th of December, and wrote immediately, not having done so before on account of scarcity of U. S. postage stamps. I have been looking for a letter from some of you ever since, but have been sadly disappointed. I now have a supply (eighteen or twenty) of postage stamps, which one of the boys who went with a flag of truce, got for me. Some ladies wanted to go to Kentucky and were sent under a flag of truce. One of my mess went and we sent some tobacco to the Yanks for postage stamps. I was with the Kentucky Brigade of Infantry a few days ago. The boys were well. Hiram Carpenter is 3d Lieutenant. Bruce Champ received a letter from his sister a few days ago. John Curritt is well. We are having some beautiful weather now. Some of the regiment is deserting. I would like to be at home, but can not come that way. Write to me often whether you receive my letters or not. Tell all to write. Tell Rezin, Jim Gregory, Second Kentucky Infantry, says he would like to hear from him. Tell him I think he might drop me a line.

Dear Brother:—I would like to hear from you very much. Be a good boy and remember how much mother de pends on you.

Dear Sister:—Give my love to all my sweethearts and the girls. Tell them how delighted their old friend, or schoolmate, would be to hear from you and them. Write! Write! No more at present, but I am your son and brother.

JOHN W. BOULDEN.
P. S.—Russell Mann, John Nesbitt, Joe Wallace, received letters from home a few days ago; also Ed Taylor, G. Redman. We are living very well. I was out a few days ago and bought some chickens, one hen and half midget, one pound of butter.

Great Singers Must be "Tobacco Wise"

Tuxedo is the Tobacco Chosen by Opera Stars

MEN who depend upon their voices come to know tobacco as the ordinary smoker never knows it. A sensitive throat or mouth feels the slightest sting, bite or scorch of tobacco.

Tuxedo is the one tobacco which singers, actors, public speakers—all men who guard their throats zealously—can smoke with pleasure and safety.

Tuxedo tobacco cannot sting, bite or irritate the delicate membranes of the mouth or throat.

Tuxedo

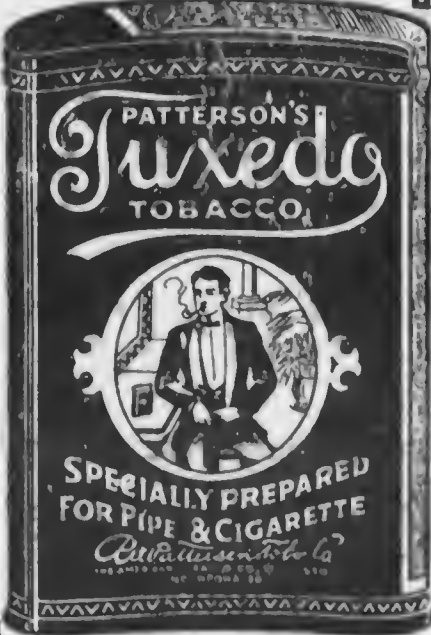

The Perfect Tobacco for Pipe and Cigarette

Tuxedo tobacco has made thousands of men converts to the pipe, because it has made pipe-smoking possible for them. Under the famous "Tuxedo Process" the mild, tender leaves of the highest grade Burley tobacco are so skillfully treated that Tuxedo burns slowly and affords a cool, mild, thoroughly enjoyable pipe smoke.

Leading men in all walks of life—well-known doctors, lawyers, ministers, lecturers, etc.—smoke Tuxedo and testify to its soothing influence on the throat.

Proposed New School Building For Ripley, O.

The above is a picture of Ripley's proposed new \$75,000 High School building. Note its magnificent lines of architectural beauty and system of lighting. Ripley's present High School building has been condemned by the state officials of Ohio. The people of Union Township will no doubt vote almost unanimously in favor of the construction of the new building. It will be the greatest boost that Ripley could give herself.

The styles in our steps, by the way, As everyone confesses, Don't fit in very well today. With current styles in dresses.

ROAD CONTRACTS LET

Highway Commissioners Distribute Much Work In Ohio.

Columbus, Ohio.—Contracts for constructing 27 miles of improved roads at a cost of \$580,000 were awarded by the state highway commissioners. One, said by Commissioner Marker to be the largest single contract for highway construction ever awarded in the United States, was for the paving of 1.62 miles of the old National Pike in Belmont County.

The contract was awarded to the Adams Brothers Contracting Company of Zanesville for \$23,894.

The work is to be completed by October 1, 1915.

DIDN'T KNOW A SCOP WHEN HE SAW IT.

In the July Woman's Home Companion Daniel Frohman, the well-known theatrical manager, writes an exceedingly interesting and helpful article entitled "How to Write a Moving Picture Play." He opens his article with a statement of the importance of imaginative powers in all such work and tells the following story of an imaginative and therefore unsuccessful newspaper reporter:

"A newspaper reporter was assigned to write up a wedding; but when he went to the church there wasn't any wedding, as the bridegroom had not appeared. So the reporter hurried back to the office without his 'story.' He did not have the imagination to see that a greater 'story' lay back of the fact that the wedding had been postponed."

THE FLIRT'S TEMPTATION AFTER MARRIAGE.

In the July Woman's Home Companion appears the story of a coquette. Following is an extract:

"I had liked being a favorite when I was a girl but now there was an added relish to it. After marriage, when one knows that one's powers have ripened, there comes, I think, to the woman who has been a belle and a coquette the supreme temptation. The old days and ways call to her. Where is the old power? Why, there within her very hands, of course, not relinquished, only unused, and that power is stronger than ever. Then, too, she presumes on the safety of her position."

OVER A BILLION BRICK

Hudson River Region a Great Brick Center.

The Hudson River region produced 1,925,308,000 bricks in 1913, valued at \$5,636,061, according to a statement by Jefferson Middleton, of the United States Geological Survey. Large as these figures are, they show a decrease of 297,879,000 bricks and \$1,197,116 in value compared with 1912.

New York City is the leading market for common brick in the United States, hundreds of millions of brick being used there annually. The principal source of this supply is the Hudson River region, extending from New York to Colomes on both sides of the river.

The principal use of the brick made in the Hudson River region is in the building industry of New York. Notwithstanding the fact that the expenditures for building operations in New York City decreased about 35 per cent. in 1913 compared with 1912, the number of brick marketed decreased less than half as much, thus showing that the use of brick in building is expanding and that they are also being used more extensively than ever before for other purposes, such as sewers and subways. The "back to brick" campaign is apparently having its effect, not only on the demand for common brick, but also on that for the higher grades of building brick and other clay products, such as hollow building brick, tile, and terra cotta.

The average price obtained for the bricks in 1913 was \$5.50 a thousand.

CRYING FOR HELP

Lots of It in Maysville But Daily Growing Less.

The kidneys often cry for help. Not another organ in the whole body more delicately constructed. Not one more important to health. The kidneys are the filters of the blood. When they fail the blood becomes foul and poisonous. There can be no health where there is poisoned blood. Backache is one of the frequent indications of kidney trouble. It is often the kidney's cry for help. Read what Don's Kidney Pills have done for overworked kidneys.

Read what Don's Kidney Pills have done for overworked kidneys. Lung Stevens, Maysville, Ky., says: "My kidneys were out of order and I had backache, which extended into my kidneys. The kidney action was irregular. Don's Kidney Pills had been used in my family, so I gave them a trial. They helped me greatly." Mr. Stevens is only one of many Maysville people who have gratefully endorsed Don's Kidney Pills. Episcopal 22
First Baptist 111

TOTAL 698

Total, June 7 905

The pastors of the two M. E. churches South of this city, leave this afternoon for the conference.

The attendance at the city mission was unusually small on account of Children's Day practices at the other churches.

The Children's Day exercises at the Second M. E. Church South last night were excellent. The crowd was large and appreciative.

Hot weather seems to have a depressing influence on the Sunday Schools and it will require stamina and push to keep the schools up to the standard.

The District Conference of the M. E. Church South will be in session at ... Carmel beginning tonight, June 15, and continuing tomorrow and Wednesday. Rev. J. Gregory Mantle of Louisville will preach twice each day, and conduct evangelistic services. Prof. Robert Lenz of Marietta, Ky., will conduct the singing.

NEW MARRIAGE LAW

In Effect in Kentucky Today—Bride Must Tell Truth About Her Age.

The new marriage license law passed by the last Kentucky Legislature goes into effect this morning, June 15, and makes the securing of a marriage license decidedly more difficult.

Heretofore when the clerk issuing a marriage license was satisfied as to the age of the contracting parties, nothing further was asked but things will be different when a couple, old or young, steps up to the counter and calls for the document that will unite them.

After the groom gives his age to the clerk (and by the way the bride to be present and answer for herself) he will be required to give the names of his parents, place of birth, occupation, and whether single or divorced. To make the matter just a little more binding as well as difficult, the clerk may in his discretion require the execution of a bond in the sum of \$100 with good security. Both prospective bride groom and bride-to-be must also state the condition of their health.

Electric Shop

Things Electrical and Year-Round Comfort

How delightful is the magic of electricity, especially now bringing coolness and contentment on sultry summer days. It takes work right from ones hands and performs household tasks through the medium of Electrical appliances. Nothing original in the name Electric Shop, yet everything new and up-to-date in Electrical Merchandise.

Who is not attracted by the thought of doing things by wire. And how many things there are—Cooking, Washing, Ironing, Fanning, Sewing—all are done the Electric Way in many homes.

You have been attracted by the bright and cheerful interior of the Electric Shop of Messrs Hill and Bro. as you passed on the car or to the Post Office in the evening.

With their many fans a-whizzing, you will be more attracted and just as interested if you stopped inside, as you are cordially invited to do.

At the outset we want to thank them for their enthusiastic co-operation in working for a better and brighter Maysville.
